

PRESS RELEASE

SolidWorld Group awarded the “President Club” by Dassault Systèmes

The award was presented in Nashville, USA, to Roberto Rizzo, Chairperson of SolidWorld Group S.p.A.

Treviso, March 1, 2023 – SolidWorld Group S.p.A, the parent of a leading digital technologies, 3D printing and additive manufacturing Group, has obtained a major global recognition from Dassault Systèmes.

The award was presented at the 3DEXPERIENCE World 2023 convention held in Nashville, Tennessee, USA. The convention is a worldwide event organized by Dassault Systèmes to bring together the entire SOLIDWORKS community, along with a whole host of partner companies from around the world, which include SolidWorld Group S.p.A.

Roberto Rizzo, Chairperson of SolidWorld Group S.p.A., was awarded the prestigious “President Club” award, the most important recognition among those presented by Dassault Systèmes to its business partners. The award was presented on an exclusive evening attended by people from the world of Dassault Systèmes, SOLIDWORKS business managers, and the world's leading “SOLIDWORKS Partners.” Dassault Systèmes recognizes the quality of work, commitment and reliability of these partners. SolidWorld Group is a long-standing partner of Dassault Systèmes, boasting an active partnership that began almost 20 years ago. Over that period, SolidWorld has won 18 awards, including the most recent one, presented just a few days ago.

Roberto Rizzo, founder and Chairperson of SolidWorld Group S.p.A: “We are grateful to receive this important recognition from Dassault Systèmes, our long-standing global partner. It is further evidence of the commitment and dedication that the Group puts into its work every single day, work which is by its nature innovation-oriented in the constant search for new solutions to improve technology. Our operations currently focus on two areas. The first is the manufacturing sphere, Industry 5.0, where 3D printing has become a key pillar in modernizing and optimizing production and manufacturing systems. The second is the biomedical sector, which is looking towards 3D printing across the world, and for medical, oncological and surgical research in particular. Today, the work of the SolidWorld Group companies is focused on these two areas. The recognition from Dassault Systèmes is a great achievement for us and also gives us further drive to continue our work with the same commitment.”

SolidWorld Group S.p.A. is the parent of a group of 11 companies founded in the early 2000s by engineer Roberto Rizzo. Listed on the Euronext Growth Milan segment, the Group is a leading developer and integrator of the latest and most comprehensive digital 3D software and hardware for manufacturing companies, supporting and accelerating their journey to Industry 4.0. Thanks to SolidWorld, all stages of production - as far as sale and recycling - are integrated using technologies that make the production process faster and more sustainable and efficient. It operates through 14 offices and 3 technology hubs and has over 150 employees and more than 8,000 client enterprises. The SolidWorld Group reported revenues of Euro 30.3 million in H1 2022, with a value of production of Euro 31.7 million and EBITDA of Euro 2.5 million. The company has been listed on the Euronext Growth Milan segment of Borsa Italiana since July 6, 2022 (with ticker S3D). www.solidworld.it
